Arch Debuts New, Improved Aluminum Website Section

TAMARAC, Fla. -- Arch Aluminum & Glass Co., Inc. has updated the architectural aluminum section of their Web site, www.archaluminum.net.

The new Arch Aluminum site is the most comprehensive in its class with 3-D details, CAD files and PDF drawings available.

"We have made it easier for our customers and designers to access what they need to do their job more efficiently," said Max Perilstein, Vice President of Marketing.

Arch Aluminum will also be adding BIM models and a wind load calculation tool in fall 2008.

"We are thrilled with the new update to the site," Perilstein said. "Arch has always been out in front in Web technology and this is another example," he added.

The site at www.ArchAluminum.net is the flagship site with other sites dedicated to products addressing hurricane impact www.hurricanecodes.com, Arch Deco Glass www.ArchDecoGlass.com, and the green attributes of the company's products www.ArchGreen.com.

Arch Aluminum and Glass Co., Inc. is the TRUE SINGLE SOURCE® for Architectural Aluminum, Extrusions, Insulated, Tempered, Mirrors, Laminated, and Decorative Glass.
