### **This is Bohle America, Inc.**

The Bohle Group, Europe's leading manufacturer and supplier of tools, machines and accessories for glass processing and finishing, is represented in North America with their own subsidiary since 2008. Bohle America, Inc. is based in Charlotte, NC, and is the Bohle Group's fourteenth location worldwide. They will be responsible for developing the customer base in the United States and for providing services to these customers. In America Bohle will primarily market quality products from the divisions Manual Glass Cutting (Silberschnitt and Diamantor tools), Industrial Glass Cutting (Cutting wheels) and Glass Bonding (Verifix products).

### **This is the Bohle Group**

The family business, founded in 1923 in Germany, is represented by over 300 employees at fourteen locations worldwide. Divided into the product divisions Handling, Glass Cutting (manual and automatic), Glass Bonding, Glazing, Tools, Machinery, Fittings and Surface Technology, the total product range is precisely tailored to the respective customer groups from trade, industry and retail. Quality is the leading principle at Bohle – in every area. To live up to this standard, the company develops and manufactures many products themselves. A modern logistics centre quickly dispatches the ordered goods to the customer.
