Lisec America announces the addition of Chris Brooks to its U.S. sales team

Minneapolis, MN – November 26, 2007 –Lisec America, Inc., a part of the LISEC GROUP OF COMPANIES; a world leader in glass fabrication equipment, is proud to announce the addition of Chris Brooks to its sales team. He will be primarily responsible for directing our sales activities in the Southeastern U.S. Chris brings to Lisec nineteen years of experience in the glass industry. He previously worked with PPG and AFG in various sales, technical and management roles. “We are proud to have Mr. Brooks joining our world class sales organization” states Bob Quast, President and CEO of Lisec America.

Chris will be contacting customers in the Southeast U.S. shortly to introduce himself as well as visiting many of you over the next few months.

About The LISEC Group:

The Lisec Group of Companies manufactures and sells Insulating Glass processing and glass cutting and fabrication equipment throughout the world and is the leader in automated solutions for window manufacturing.
