## **CRL Introduces AH11**

### *Extensive Specialty Catalog Features Architectural Hardware and 'All-Glass' Entrance Systems*

LOS ANGELES -- C.R. Laurence Co. Inc., (CRL), a leading global supplier to the glazing, railing, architectural, construction, industrial, and automotive industries, is introducing a new specialty catalog, the AH11, featuring the latest products in CRL's extensive line of Architectural Hardware and 'All-Glass' Entrance Systems.

Lloyd Talbert, President and C.O.O., comments, "C.R. Laurence Company continues to offer the glazing industry innovative, high quality products, as it has for over 40 years, but with an expanding emphasis on Architectural Hardware and Services. This 396-page, full-color catalog is the most comprehensive architectural hardware specialty catalog we have produced.

Talbert continues, "The AH11 showcases an extensive selection of architectural hardware for the construction of beautiful 'all-glass' storefronts and entrances, beginning with our patented Wedge-Lock™ Door Rails and our impressive line of Storefront Hardware. We've added Access Control Hardware, from Panic Handles to Door Closers, simplifying the hardware selection process for commercial doors. We have also featured our newest product lines, including TAPER-LOC™, our dry glaze glass railing system that was chosen for Glass Magazine's Crystal Achievement Award for the Most Innovative Commercial Hardware Product for 2009, the CRL Stacking Partition System, Laguna Series 'All-Glass' Door Hardware, Standoffs and Patch Hardware, and our rapidly growing line of Architectural Metals."

Many of the products featured are manufactured in CRL's 270,000 square foot ISO 9001 Certified manufacturing facility in Los Angeles. The extensive lines of architectural hardware are supported by a highly-trained, in-house Technical Sales Department.

The AH11 Catalog, as well as other CRL catalogs, can be viewed in "easy-to-flip" pages in pdf format at the company's web site, [crlaurence.com](http://crlaurence.com).

C.R. Laurence is a leading supplier to the glazing, railing, architectural, construction, industrial, and automotive industries. Offering more than 50,000 different products, the company serves the industry from 25 locations throughout North America, Europe, and Australia. For additional information, contact CRL at (800) 421-6144 in the United States and Canada, or (323)

588-1281 from outside the United States and Canada, or visit the company's web site at [crlaurence.com](http://crlaurence.com).
