

**Austrian Soft Solution GmbH to sponsor GLASS PROCESSING
AUTOMATION DAY**

Austrian based Soft Solution, manufacturers of modern inspection and automation technology products for the glass industry, has signed on to sponsor the event to be held on June 29th in the Hyatt Hotel in Cleveland, OH, organized by Ohio based FeneTech Inc.

Soft Solution now joins Bystronic Glass, based in Aurora, CO as major sponsors of this seminar, which is a new event and does not yet exist in that form on the market.

As already announced on various news platforms the seminar targets business owners, CEO's, Presidents and Operations Directors of glass processing companies in order to get educated on how high automation, using the latest software and automated machinery, as well as quality control technology can help companies to gain efficiency and increase productivity in weaker economic times. In addition, the seminar will give the participants an opportunity to get information about the latest automation technology in terms of equipment and software available on today's market.

For more information on this event and how to register please contact Horst Mertes, Director of Global Sales for FeneTech Inc.
