

## SEMINAR PROGRAM

### Tuesday June 28th 2011

02:00 pm - 05:00 pm

Registration Desk

06:00 pm - 07:00 pm

Cocktail Reception at the "House of Blues"

07:00 pm

Joint Dinner featuring the Band "The Spazmatics"

Music and Entertainment from the 80s and 90s

### Wednesday June 29th 2011

08:45 am - 09:00 am

Introduction to the Seminar and Topic

Ron Crowl, President FeneTech Inc.

09:00 am - 10:00 am

FeneVision ERP Software Show - Part I

How can a modern and completely integrated software solution help glass processing companies become more efficient? Part I's topic is the commercial front end of the system featuring quoting, order processing, Business Intelligence, Dashboard, capacity planning, Status tracking, Web Center and other functions.

What are the advantages? Where are the benefits?

Horst Mertes, Director of Global Sales FeneTech Inc.

Craig Morris, Director of Engineering FeneTech Inc.

10:00 am - 10:15 am

Coffee Break

10:15 am - 12:00 pm

FeneVision ERP Software Show - Part II

Part II's topic talks about the production side of the software: production scheduling, automatic racking and plant routing, online and dynamic glass cutting optimization, status tracking via barcode and touchscreen, etc.

How can these tools optimize your flow of production? Where are the benefits for your company and your customers?

Horst Mertes, Director of Global Sales FeneTech Inc.

Craig Morris, Director of Engineering FeneTech Inc.

12:00 pm - 01:00 pm

Lunch Break

01:00 pm - 01:30 pm

FeneVision ERP Software Show - Part III

Is iPad for the Glass Industry?

In part III FeneTech Inc. presents for the very first time its newly developed applications for iPad featuring Business and Factory Monitor.

Horst Mertes, Director of Global Sales FeneTech Inc.
