

FOR IMMEDIATE RELEASE

Formtek Metal Forming announces the promotion of **Rick Wilson** to the position of Senior Vice President of Sales and Marketing. Wilson has over 25 years experience in a variety of manufacturing industries, most of which in sales related roles. His new duties include directing all external machinery sales and marketing efforts for North America on a regional basis, focusing on the following **Formtek** brands; CWP, Rowe and Coilmate/Dickerman Press Feed, CWP and Rowe Coiled Metal Processing and B&K Leveler products from **Formtek** Maine, Coiled Metal Processing and FMI/Dahlstrom Flexible Fabrication products from **Formtek** Iowa and the Yoder/Dahlstrom/Tishken Forming and Fabricating Lines, B&K Metal Construction Products and the Winpro Fenestration products from **Formtek** Cleveland.

Formtek is a group of long-established companies, each with a well-known name and a history of providing innovative, reliable equipment to the metal forming and metal processing industries. As a single source provider, **Formtek** continues to supply it's customers with the highest quality equipment, parts and service available in the industries it serves.

Visit the **Formtek** website (www.formtekgroup.com) for additional information on products, services and employment opportunities available.
