Ebeid Keynote at BEC Conference Now Available on GANA Website

(TOPEKA) - The Glass Association of North America (GANA) announced today the release of the keynote address by Russell J. Ebeid, President of the Glass Group at Guardian Industries Corp., on its website. Ebeid spoke for 40 minutes in front of a crowd of over 520 attendees at GANA's Building Envelope Contractors (BEC) Conference this past week in Las Vegas. His presentation took a look back at changes in the industry in the past few decades, as well as a stunning look into the near future for the industry.

"Mr. Ebeid gave a provocative and inspiring keynote address," said Brian Pitman, Director of Marketing and Communications for GANA. "Our attendees were quite literally sitting on the edge of their seats during his presentation, especially when he contrasted the industry of old with the industry we are today. This presentation is truly a must-see."

Ebeid's presentation, his first at a BEC Conference, was a part of a program labeled "Industry Giants" by the organization. The presentation may be seen in its entirety on the GANA Video Podcast website at www.glasswebsite.com/podcast.

###

The Glass Association of North America provides the organizational structure for addressing the needs of a diverse membership. Comprised of the Building Envelope Contractors, Decorative, Flat Glass Manufacturing, Insulating, Laminating, Mirror and Tempering Divisions and an Affiliate Classification, GANA provides a forum for exchanging information and ideas and presenting a unified voice on matters affecting the glass industry and for developing the management and technical sophistication needed to remain competitive in a constantly changing business environment.
