7-8 May 2008, Cintermex, Monterrey

Glassman America Launches in
Mexico in 2008

The dmg glass group, organisers of Glassman, the International Glass Manufacturing Exhibition, are delighted to announce the newest show in our renowned series of Glassman America events, taking place in Monterrey, Mexico on 7-8 May, 2008. The well equipped Cintermex exhibition centre in Monterrey will play host to this exciting new show.

Glassman America is biennial, being held in San Paulo in 2006 and Pittsburgh in 2004. Mexico was chosen due to the high growth in glass making industries, with some of the continents largest glassmakers residing there.

Running alongside the event is a technical conference, which is open to all visitors for free. Please check our website for more details www.glassmanamerica.com

Glassman has an excellent track record based on tradition, trust and excellent relationships with our clients, built up since 1986. Monterrey is home to one of the world's leading glassmaking organisations, Vitro SA de CV. With core business interests in the container, flat and domestic glassware sectors, Vitro has joint ventures with major world-class partners and industry leaders that provide its subsidiaries with access to international markets, distribution channels and state-of-the-art technology.
