**Guardian launches ClimaGuard IS
with lower U-values for consumers
and a stock sheet shortcut for window makers**

Auburn Hills, Mich., April 11, 2011 – Guardian Industries is launching its new

condensation coating. We are very pleased to expand this work to our customers in this new application.

“ClimaGuard IS’ success in the lab reinforces Guardian’s research and development advancements, which will lead to product portfolio additions we’re looking forward to announcing in the near future.”

Other key characteristics of ClimaGuard IS:

- Durable and scratch-resistant.
- Cleanable with standard household window products.
- Usable in monolithic applications (such as storm windows).
- Available in full truckloads, less-than-truckloads or case quantities.

For more information, see the [ClimaGuard IS data sheet](#) or go to www.guardian.com.

About Guardian Industries Corp.:

Guardian is a diversified global manufacturing company headquartered in Auburn Hills, Michigan, with leading positions in float glass, fabricated glass products, fiberglass insulation and other building materials for commercial, residential and automotive applications.
