

Final Call for ICCG7!

Following the last six successful ICCG conferences (International Conference on Coatings on Glass & Plastics), the 7th ICCG will be held from 15th – 19th June 2008 in the Koningshof Conference Centre in Eindhoven / Veldhoven, The Netherlands. The ICCG International Organizing Committee and the local organizer, TNO Science & Industry, wish that this conference will create an opportunity to bring together more than 400 scientists, technologists, practitioners, and managers from universities, institutes, coating manufacturers, materials and equipment suppliers, and user industries worldwide to discuss the latest developments in the field of coatings on glass and plastics.

A highly interesting program has been agreed upon with 54 oral presentations and 55 poster presentations. This week ICCG sends around an electronic version of the final program booklet (see below), a paper copy will be available in the conference bag.

If you are interested to attend the ICCG7, we would like to ask (if not done already) to register at the ICCG7 website at your earliest convenience. Still rooms are available at the congress hotel but we cannot guarantee that rooms will be available till the end of the registration period!

Download the final program booklet at
<http://www.iccg7.nl/downloads/Final%20Program.pdf>.

We look forward to seeing you in Eindhoven / Veldhoven in 2008!

Dr. Joanne Wilson (PR Officer ICCG7), Mr. Karel Spee Ms (Local Chairman of ICCG7)
& Dr. K. Suzuki (International Secretary of ICCG7)
