One Gateway Boulevard  
Pedricktown, NJ 08067

January 13, 2010

*For Immediate Release*

### **JEB RECOGNIZED BY US DOE FOR "SAVE ENERGY NOW" PROGRAM**

JE Berkowitz, LP has received recognition by the US Department of Energy (DOE) "for demonstrating exceptional leadership by completing an Energy Savings Assessment through the Save Energy Now Program". According to the DOE the "Save Energy Now" initiative is dedicated to helping the US reduce the industrial usage of fossil energy and carbon emissions by 25% in 10 years.

JEB is committed to increasing the environmental efficiency of their facility, while still maintaining production capacity and reliability. Their environmental pledge does not stop with the facility. JEB has a long term environmental commitment, including LEED initiatives for their glass products, returnable steel racking, a US EPA SmartWay™ Transport partnership to provide eco-friendly shipping, energy efficient tempering furnaces, recycling program for excess glass, and a commitment to use only eco-friendly cleaning materials.

"JEB will continue to incorporate new and innovative green building principals into our business and design projects. We are always looking for ways to save energy while still operating efficiently," says Bob Price, Director of Sales.

### **About JEB**

JE Berkowitz, LP (est. 1920) is a leading architectural glass fabricator. Its products include Tempered Glass, Insulating Glass, Spandrel Glass, Silk Screened Glass, Glass Doors and Entrances, Laminated Glass, and Point Supported Canopy and Wall Systems for the domestic and overseas architectural markets. The family-owned glass business is located in Pedricktown, N.J. with over 200,000 square feet of plant space and 250 employees.
