## **BYSTRONIC GLASS INC. APPOINTS KNISELY VICE PRESIDENT OF SALES & MARKETING**

(Hauppauge, NY) – Bystronic Glass, Inc. has announced the appointment of Scott Knisely to the position of Vice President of Sales & Marketing for all activities in the NAFTA Region. Bystronic Glass, which sells and distributes state-of-the-art machinery for the processing and handling of architectural and automotive glass, acknowledged that Knisely's ten years of experience in the window manufacturing industry position him to contribute materially to the organization's marketing efforts.

According to company president, Claus Rieger, Knisely has demonstrated his excellent leadership capabilities since joining the company in 2006. "As General Manager for Bystronic Solution Centre, Inc., Scott successfully managed both the technical and business aspects of the company while maintaining Bystronic's tradition of placing primary emphasis on servicing each customer's specific needs," Rieger stated.

Bystronic Glass Inc. is wholly owned by Bystronic AG (Switzerland). The company supplies machinery worldwide, with sales and service centers throughout the United States, Canada, Mexico, South America, Europe, and Asia.

Bystronic Glass, Inc. offers a variety of customizable systems for the cost-effective production of laminated glass as well as a wide range of flat glass handling systems. Bystronic Glass is a global supplier of total solutions for the economical, application-engineered fabrication of architectural and automotive glass. From the Aurora, CO location, Bystronic Glass Inc. will be providing customers with sales and administrative support as well as continued quality service, parts inventory, and customer training.
