Award Criteria

The National Sunroom Association Design Awards recognize excellence in the design and installation of sunrooms, solariums, and patio rooms. More than 80 entries were submitted for this competition. All entries were judged on the basis

NEWS RELEASE

of (1) aesthetic appeal, (2) how well the sunroom, patio room, or solarium enhances the architecture and natural surroundings of the home or commercial setting, and (3) interior appeal and functionality.

To increase the diversity of entries, all sunroom designs were judged by four different cost levels as well as three different roofing types.

A new category was added to the contest this year. The “green” category award is a special recognition for the most energy-efficient sunroom.

National Sunroom Association

The National Sunroom Association is a member-directed trade association dedicated to the advancement of the manufacture and construction of safe, energy-efficient, and environmentally conscious sunrooms, patio rooms, and solariums.
