Award Criteria

The National Sunroom Association Design Awards recognize excellence in the design and installation of sunrooms, solariums and patio rooms. Eighty-seven entries were submitted for this competition. All entries were judged on the basis of 1) aesthetic appeal, 2) how well the sunroom, patio room, or solarium enhances the architecture and natural surrounds of the home or commercial setting, and 3) its interior appeal and functionality.

To increase the diversity of entries, all sunroom designs were judged by three different cost levels as well as roofing types.
