

SAF West Adds Column Cover Fabrication

Atlanta, GA – 31 August 2008 – SAF (Southern Aluminum Finishing Co., Inc.) adds custom Column Cover fabrication to its SAF West branch in Redding, California. Customers in Western states may now order custom column covers direct from the SAF West branch, including square, elliptical, and conical shapes. A wide selection of column cover material and finish options, include:

Flouorocarbon painted aluminum, anodized aluminum, stainless steel, and Aluminum Composite Material (ACM).

The service adds new efficiency to SAF's XpressShip column cover program that promises a special order-to-ship time in just 2 weeks. Customers can expedite deliveries by using an on-line ordering form at <http://www.saf.com>.

SAF West also offers shearing, brake forming, welding, mitering and other complex fabrication capabilities, in addition to offering a complete inventory of aluminum sheet and aluminum extrusions.

SAF will be exhibiting at GlassBuild America, The Glass, Window & Door Expo October 6 – 8, 2008, booth 1320. Customers may order direct from SAF West by calling toll free at 1-866-660-6627.

Background:

Based in Atlanta, Georgia, SAF (Southern Aluminum Finishing Co., Inc.) is a nation-wide aluminum distributor, aluminum fabricator, and aluminum finisher specializing in Kynar painting and architectural anodizing. SAF distributes,

fabricates, anodizes and paints aluminum sheet, extrusion, column covers, architectural panels, and commercial roofing trim. SAF offers products and services to architectural specifiers, glazing contractors, and other industries. Services include aluminum batch anodizing, painting, coil anodizing, powder coating and architectural fabrication.
