THE WAGNER COMPANIES HIRES MANAGER OF PRODUCTION CONTROL

Jackie Heinrichs Returns to Wagner's Production Control Department

Milwaukee, WI – The Wagner Companies announces that Jackie Heinrichs has returned to their company as the Manager of Production Control.

In this position, Heinrichs will lead the coordination between sales, estimating, warehouse and manufacturing functions to schedule and deliver product to meet customer needs. Goals include a focus on information accuracy and delivery to promise.

Heinrichs is returning to Wagner after a two year absence during which she worked as a Project Manager for Everbrite Inc. She has experience with Wagner's Inside Sales Group, Custom Polishing Sales, and Production Control. Heinrichs has a degree in Information Technology from Cardinal Stritch University. The Wagner Companies has been in the metal business

since 1850 as a manufacturer of handrail fittings and metal products for architectural and industrial applications. The Wagner Companies is made up of R & B Wagner, Inc. and The J. G. Braun Company. The main product lines include: Architectural Catalog, Architectural Custom and Industrial Original Equipment Manufacturer (OEM) products. Wagner offers bending, stamping, waterjet cutting and finishing capabilities, including design assistance utilizing CAD technology. Wagner has a large inventory of raw materials and over 7,800 standard catalog items in steel, brass, bronze, aluminum, and stainless steel.
